Good Morning,

To keep you somewhat in the loop, I thought you'd all want to at least be made aware of the Notice of Intents (NOI = Notice of Intent to Construct, Own and Maintain) that were recently filed with the PUC for the next MISO LRTP Tranche 2.1.

All NOIs stated that, at least, Cert of Need applications will be filed within the next **12 months**. I have not yet been approached by the Applicant(s) to start early coordination for any of these projects.

1. Bison – Alex 345kV 2nd Circuit (LRTP Project #19)
2. Maple River – Cuyuna 345kV (LRTP Project #20)
3. Iron Range – St. Louis Co – Arrowhead 345kV (LRTP Project #21)
4. Brookings – Lakefield 765kV (LRTP Project #22)
5. Lakefield Jct – East Adair 765kV (LRTP Project #23)
6. Lakefield Jct – Pleasant Valley 765kV (LRTP Project #24)
7. Pleasant Valley – North Roch – Hampton 345kV 2nd Circuit (LRTP Project #25)

Please share as needed.
