Hi Mags,

I have run the model and have one question. I am getting an error when running the collision model. Specifically, the error message is saying it cannot find the "tmp" value. I have walked through all of the modules and cannot find a "tmp" value or command. Is this value calculated from the Collision model? Or am I neglecting to provide a some information?

Thanks,
Scott

Okay - I am not good at all on the model, however, if you send me specific questions I can forward them to Emily, who is our main modeler - she usually answers back really quickly and is pretty knowledgeable about this stuff. So, any questions you have, feel free to shoot them this way.
Thanks,
Mags

         Subjectmodel question

Hi Mags,

Disregard my last e-mail. I figured it out.

Thanks,
