Re: **PSC Docket No. 05-CE-113**

Joint Application of Minnesota Power Company, Wisconsin Public Service Corporation, American Transmission Company LLC, and ATC Management Inc., for Authority to Construct and Place in Service Electric Transmission Lines and Other Electric Facilities for the Arrowhead-Weston Project, Located in St. Louis County in Minnesota, and Chippewa, Clark, Douglas, Lincoln, Marathon, Oneida, Price, Rusk, Sawyer, Taylor and Washburn Counties in Wisconsin

Dear Ms. Zehner:

Applicants are delighted to report that they have reached an agreement with Douglas County allowing the Arrowhead-Weston Transmission Project to be built on lands owned by Douglas County. Therefore, the Project may be built on the Douglas County route as originally approved by the Commission in its October 31, 2001 order. Because there is no longer a need to consider alternative routes in Douglas County, Applicants request the Commission reconsider its February 14, 2005 decision to reopen this docket. The Applicants will soon be notifying all of the property owners on the proposed alternate routes that these alternatives are no longer being considered.

Sincerely,

**MICHAEL BEST & FRIEDRICH LLP**  
Lauren L. Azar
