Re: I/M/O THE PETITION OF PUBLIC SERVICE ELECTRIC
AND GAS COMPANY FOR A DETERMINATION PURSUANT
TO THE PROVISIONS OF N.J.S.A. 40:55D-19
(SUSQUEHANNA-ROSELAND)
BPU DOCKET NO. EM 09010035

Dear Ms. Izzo:

Please accept this letter on behalf of Public Service Electric and Gas Company ("PSE&G") in response to the January 14, 2010 letter of the Municipal Intervenors, which in turn objects to the January 14, 2010 letter of Steven Herling of PJM.

The Municipal Intervenors' objection to Mr. Herling's letter is erroneously based. As Mr. Herling clearly states in his letter, the need for the Susquehanna-Roseland Project ("Project"), and the lack of any nexus between the Project and the factors underlying the delay of the PATH and MAPP projects, is "detailed" in his testimony in this proceeding. Thus, Mr. Herling's statement is in no way new evidence. Mr. Herling's letter today to Commissioner Fiordaliso says nothing new and nothing different than what was already expressed in his testimony, which is in evidence in this proceeding.

Thus, PSE&G respectfully requests that the BPU disregard the Municipal Intervenors' objections to Mr. Herling's January 14, 2010 correspondence in this matter.

Respectfully submitted,

Jodi L. Moskowitz
