

STATE OF MINNESOTA PUBLIC UTILITIES COMMISSION

August 3, 2012

CORRECTED NOTICE OF COMMISSION MEETING

PLEASE TAKE NOTICE that the August 2, 2012 Notice of Commission Meeting for the **August 14, 2012** Commission Meeting contained a typographical error.

The Notice for Decision Item #6 incorrectly stated that the site and route permits for the Mesaba Energy Project were issued on March 12, 2012. The correct issuance date was March 12, 2010; and the Announcement for this item should read as follows:

****6 E6472/GS-06-668 Excelsior Energy, Inc.**

In the Matter of the Joint LEPGP Site Permit, HVTL Route Permit and Pipeline (Partial Exemption) Route Permit Application for the Mesaba Energy Project in Itasca County.

Should the Commission find, pursuant to Minnesota Statutes 216B. 1694 subdivision 3, that the site and route permits issued on March 12, 2010 for the Mesaba Energy Project are deemed valid for a natural gas fired plant located at the same site and that no additional environmental review is required under applicable state rules?

Questions regarding this matter may be directed to the Commission at 651-296-7124.
