ITC Midwest Transmission Project - Information Request #5

Docket Number: PUC Docket No.: ET6675/CN-12-1053 Request Date: March 5, 2014
OAH Docket No.: 60-2500-30782

Requested From: Lisa Agrimonti, attorney for ITC Midwest

Party Requesting Information: Carol A. Overland for No CapX2020 and CETF

If you feel your responses are trade secret or privileged, please indicate this on your response.

Request No.	ITC Transmission Project
3.	<p>Per the application, and IR responses, the ITC Midwest project, above-captioned, PROMOD modeling of MVP benefits assumes all 17 MVP projects. As noted in IR 2, Grover’s testimony, summarized, states that costs for an MVP are recovered primarily pursuant to Schedule 26-A of the MISO tariff, and the annual revenue requirement recovered is determined pursuant to the formula rate in Attachment MM. Annual revenue requirement collected under Schedule 26-A is paid by all MISO network and point-to-point transmission customers. Grover Direct, p. 8-9. The following questions are to identify costs for the 17 MVP projects which are allocated to Minnesota.</p> <p>A. Provide Tariff sheet, or citation with link, for the 17 MVP projects. If covered in responses to IRs 2-4, reference those IR responses.</p> <p>B. Please provide an “Appendix E” for the each of the 17 MVPs, with data as categorized in the Application’s “Appendix E” MISO Rate Allocation chart for ITC Midwest (“the project”), showing, e.g., identifying the MVP, the full cost of that MVP, Initial Fixed Charge Rate, Annual Revenue Requirement and its Allocation and percent in Minnesota Rates, and total cost and range of MVP costs recovered in Minnesota.</p>

These requests are continuing, and if new or additional information is discovered, please supplement your responses as soon as possible.

Electronic format preferred, via email or CD.
