OAH Docket No.: 60-2500-30782

Requested From: Lisa Agrimonti, attorney for ITC Midwest

Party Requesting Information: Carol A. Overland for No CapX2020 and CETF

*If you feel your responses are trade secret or privileged, please indicate this on your response.*

Request No.	ITC Transmission Project
-------------	--------------------------

8. Per the application, p. 39, Figure 7, depicted as “Neighboring 345 kV Ties” shows only the MVP 3 and CapX Fargo, Brookings and La Crosse projects. Many, of not most, long existing and planned 345 kV, such as the north/south lines just west of the Minnesota border, Split Rock-Lakefield Jct., Wilmarth, King-Eau Claire-Arpin, Prairie Island-Byron, the Mpls/St. Paul metro 345 kV ring, Arrowhead, are not included. The supporting lower and higher transmission lines are also absent.
- A. Please provide map showing complete existing and planned transmission system in the five state area (ND, SD, MN, IA, WI) and northern MISO area (MISO except portions in eastern Texas, Arkansas, Louisiana, and western Mississippi) with lines 115 kV and above, and 69 kV lines listed in MTEP Appendices to be upgraded to 115 kV or above (if releases and/or confidentiality agreements are required, please forward for execution).

These requests are continuing, and if new or additional information is discovered, please supplement your responses as soon as possible.

Electronic format preferred, via email or CD.
