Meeting to discuss findings in the Avian Report for the Black Oak and Getty Wind Projects in Stearns County.

The meeting date assumes that the Avian Report, as well as any preliminary layouts to be discussed, will be sent to agencies for review by the end of the day Wednesday, August 24th. I'm out of the office next week, but will send out an agenda by the end of the day Monday, August 29th.

Please let me know how many people will be coming and whether I should get a conference line for call-ins. Also let me know if there are any items you specifically want to see on the agenda.
