Hi Mags,

We are coming up on our final surveys for eagles and I'd like to get the Ecology and Environment team working on ECP revisions, do you think you could send over your comments on the ECP this week for them?

Hi Patrick,

I am in the wind HCP meeting all week - however I am going to be in teh office next week M-W and can crank them out then. Would that be okay with you? I can also look at what have so far and send you some partial comments by tomorrow night, but they won't be complete. Which would work better for you? I think I can probably get a complete set of comments to you by cob monday, if you can wait until then.

Thanks,

Mags

Hi Mags,

Hope the wind HCP meeting went well. I was just checking in - if you have even partial comments done that would be useful.

Thank You,

Patrick

Sent while on the move. Please excuse the brevity and any typos.
