Hi Patrick,  
I have been getting a fair amount of interest from citizens regarding Black Oak/Getty Wind farm. Some of these questions concern specific turbine locations. Can you please send me the most up-to-date shape file of the project footprint and the turbine array? I think this will help me answering specific questions I have been getting. Thanks much,  
Mags

Hi Mags,

I'm traveling today but I can try and get something to you tomorrow afternoon, is that okay? I've been meaning to talk about the questions that came in the form of a FOIA request - do you have time to talk this afternoon (like around 3 or so)?

Sent while on the move. Please excuse the brevity and any typos.

Sure thing - want to give me a call around 3? I will be in the office until 4:10 (I have to leave at that time to get to daycare before they start charging me extra).

No rush on the shapefiles, just when you get back to the office.

Thanks,  
Mags

Hi Mags,

Sorry we couldn't connect – here is the turbine array for the Black Oak and Getty Projects. Have you gotten any clarity on this issue that was discussed in the FOIA request regarding additional nests? I'm not even sure which direction from the nest I'm aware of that we should look from what they sent.

Hi Patrick,  
are you around today? I can give you a call so we can talk about the FOIA and it's status. At this point, it's not actually an active FOIA, but I can fill you in on the details.

Thanks,  
Mags

Hi Mags,

I should be available all day. Try my cell 651 308 9823.

Best,

Patrick
