Hi Mags – Please find attached the final meeting notes from the Black Oak and Getty Wind Project consultation meeting held on January 21, 2014.

Outlined below are action items that were discussed during the meeting. Please feel free to contact me or anyone involved if you have any questions or concerns.

### USFWS

- 1) Check how the transmission line footprint is related to the overall Project and proposed eagle survey protocol.
- 2) Search database for any additional eagle nests within 10 miles of the site.
- 3) Determine if there are any general advanced conservation practices that the USFWS recommends for inclusion in ECPs.
- 4) Check if Minnesota is developing an NLEB monitoring protocol.

### Geronimo Energy

- 1) Provide USFWS background files and meeting notes from previous USFWS meetings/interactions.
- 2) Provide USFWS with bat acoustic report to review.

### HDR, Inc.

- 1) Provide 2014 eagle survey protocol along with shapefile locations to USFWS for Review ([submitted to USFWS on 1-30-14](#)).

Thanks,

Scott

Scott Cooper, *Project Manager*
