Hi Mags,

We are in the process of addressing the ECP Guidance that was issued in April. Patrick Smith and I, along with our consultants Ecology & Environment and HDR, would like to meet with you the week of January 20th to discuss Geronimo's Black Oak and Getty Wind Farm in Stearns County, MN. Is there a day(s) that work best for your schedule that week?

We will be kicking off 2014 eagle surveys in the near term. The timing may be that HDR and Geronimo reach out to you in advance of January 20th to affirm our survey approach via conference call.

A draft agenda for our in-person meeting at your office will be the following:

1. Introductions
2. 2014 Survey Plan (if not previously addressed earlier in January)
3. Data Needs
4. Eagle Conservation Plan Outline
5. Advanced Conservation Practices

Thanks!

Ingrid Schwingler

Hi Ingrid and Patrick,
It looks like the week of the 20th I only have Tuesday the 21st free, but I think I have that whole day free. We have a tentative office retreat on Wed-Thurs, but I can try to find out if that will take up both days. But either way, Tuesday is looking like the best day (Monday is a holiday - MLK Day).

Thanks,
Mags

P.S. I am out of the office today due to weather and school closures, but I will be in the rest of the week.

Hi Mags,

Thanks for indicating your availability on 1/21. Does 9 AM at your office work? If so, I'll send a calendar invite.

Thanks!

Yes - that address is correct. We are on for 9am on Tuesday? I'm sorry - I am getting my wind projects mixed up- is there a draft document that I need to review before then?

Thank you,
Mags
