Name: Bruce Ryan Phone: (507) 254-2546
Street Address: 3504 60TH Ave SW
City: Rochester State: MN ZIP: 55902
Email: Bruce@ryan-ws.com

Please share your comments on the proposed Rochester Natural Gas Pipeline Project

- What human and environmental impacts should be studied in the environmental analysis?
- Are there any specific methods to address these impacts that should be studied in the analysis?
- Are there any routes or route segments that should be considered? (Related to the Route Permit)

Please see proposed alternative #1 and #2 on attached map

We would like to propose moving the line to either suggested alternative in order to save the mature line of trees which are highlighted in pink on the attached map.

* I think the best route would be to follow 60th Ave SW placing pipeline in ditch next to road.
