City of New Richmond Update on ICA Application

New Richmond, Wis. – Today, prior to publishing the Development Review Committee (staff) report related to the Immigration Centers of America (ICA) application, the City of New Richmond shared a draft copy of the report with ICA and their representatives.

After reviewing the staff report, ICA communicated to the City that they have decided to officially withdraw the rezoning application.

Due to ICA's decision, the community conversation scheduled for April 23rd at WITC has officially been cancelled.

The City of New Richmond is still sharing the Development Review Committee's (staff) analysis on the application submitted by ICA.

The staff report is posted here: [Staff Report](#)
