RE: Xcel to Upgrade 32 turbines to Vesta 120  
Freeborn Wind – PUC Docket IP6946/WP-17-410

Dear Mr. Wolf:

On behalf of Association of Freeborn County Landowners (AFCL), I again ask that the Freeborn Wind item be removed from the July 1, 2019 Agenda Meeting, or that the Commission reconsider and at that the time Order that the period be tolled for Commission response to AFCL's Petition for Reconsideration.

Xcel Energy has purchased Freeborn Wind, LLC. See Notice of Acquisition and Request for Transfer of Freeborn Wind LWECS and HVTL ([20196-153672-02](#)). In a phone call with Xcel's counsel, Ryan Long, I have learned that Xcel plans to file for an amendment to its permit **IN JULY**, and that it plans to submit revised noise studies, shadow flicker studies, and a revised site plan with minor modifications.

The Commission shouldn't make any decision today, other than to toll Reconsideration, in light of these expected filings and changes.

Very truly yours,

Carol A. Overland  
Attorney at Law
