

July 14, 2020

The Honorable Michael E. Newmark  
Administrative Law Judge  
Wisconsin Public Service Commission  
North Tower, 6th Floor  
Hill Farms State Office Building  
4822 Madison Yards Way  
Madison, WI 53705

Dear Judge Newmark:

Re: Application for Grant County Solar, LLC  
to Construct a New Solar Electric  
Generation Facility located near Potosi  
and Harrison Townships, in Grant  
County, Wisconsin,  
Docket No. 9804-CE-100

We represent Grant County Solar, LLC (“Grant County Solar”) in the above-referenced proceeding. On July 8, 2020, Grant County Intervenors (“GCI”) filed a Motion to Intervene in the proceeding.

Grant County Solar does not object to the GCI Motion to Intervene. However, GCI did not provide specific information regarding its members. Accordingly, Grant County Solar requests that GCI promptly provide a current list of member names and addresses.

Grant County Solar notes that certain issues raised in GCI’s Motion are beyond the scope of a CPCN proceeding. Grant County Solar reserves the right to object to any such issues, either at the prehearing conference, hearing, or other appropriate time.

If you have any questions concerning this matter, please feel free to contact me.

Yours very truly,

*s/ Jessica Hutson Polakowski*
