

In the Matter of the Application of Freeborn Wind Energy LLC for a Large Wind Energy Conversion System Site Permit for the 84-Megawatt Freeborn Wind Farm in Freeborn County.

Docket No. IP-6946/WS-17-410

Commissioner Tuma moves the following decision option:

E. Take some other action deemed appropriate.

2. The Executive Secretary shall provide notice and request comment as to whether the Commission should amend the permit authorizing Permittee access to the public roads within the Townships of Oakland and London subject to the provisions of the Freeborn County Development Agreement (filed March 11, 2020, PUC Document 20203-161121-01) and, upon agreement of the Freeborn County, appoint the Freeborn County Engineer to act as the agent and representative regarding the appropriate arrangements for access road requirements, construction use of roads, maintenance and repair due to the increased impacts from transportation of equipment and project components over the township roads in the Townships of Oakland and London for the duration of the project.

The Permittee may continue in all other respects with preconstruction and construction activities under the permit as if there were the establishment of satisfactory arrangements for road mitigations in Oakland and London Townships through this amendment process so long as there is no activity on the affected township roads until the conclusion of this amendment process.
