Why a Recall?

- **Outrageous Spending:** Projects such as the multi-million dollar, taxpayer-funded pedestrian bridge ("to nowhere") connecting Bay Point Park and the West End District is not only irresponsible spending, but also completely unnecessary spending.
- **Lack of Respect:** A recent survey (that city leaders tried to keep secret) reveals that 27 out of 28 Red Wing Police Officers do not feel they have the support of our City Council.
- **Disregarding Public Safety:** The politically motivated firing of the Former Police Chief has left our RWPD with low morale and a lack of trust in our City Council. Without a proper leader, the Police Department is not able to be as effective in keeping our city, our businesses, and our residents safe.
- **Secret Meetings:** The current City Council has held meetings out of sight from taxpaying citizens and the press, which breaks the open meeting law.
- **Personal Agendas:** The current City Council has wasted taxpayer dollars on expensive and unnecessary "advisory panels", to further their own personal political goals.
