Inspection

Copies

Copies, unless it's a lot of copies, over \$25.00, then inspection!

I'm looking for documents in the DNR's possession regarding the October 19, 2023 shutdown of Prairie Island Nuclear Generating Plant and environmental impacts of the subsequent freezing of the Mississippi River (for the first time in forever), including but not limited to impacts to the river, fish, animals, birds (particularly eagles), etc., including but not limited to DNR/Xcel/PIIC/local governments' emails, notes, studies, reports, notices of shutdown and restart, situation updates, etc.

Because I've received an email from John (Jack) Gleason, DNR Hydrologist Supervisor, perhaps he is the one with this information.

Please let me know if you have any questions or require anything further.

MS § 13.03, subd.3, authorizes DNR to charge fees to recover costs to provide copies of data. Prepayment is required prior to receiving copies of data.
