**Background:** Proposed outline for Attorney General Keith Ellison's visit to Red Wing High School on February 27th, 2025.

**Stage:** A podium with a microphone should be in place. A hand mic from the stage should be available. Two ushers should be identified and provided with head microphones to facilitate taking questions from the audience. A podium with a microphone, plants, or decorative attire should be on the stage. With seating for administrators and the Attorney General's staff. This number should be in the range of six to eight seats. Will the Superintendent attend?

**Introduction of guests:** The Superintendent or Mr. Fuchs should open the program by welcoming guests and introducing dignitaries or guests and the BSU leaders. BSU will also provide the welcome, brief bio, and introduce the Attorney General.

**Format:** I understand General Ellison will present for 10 to 15 minutes and then entertain questions from BSU. We should also anticipate that the Attorney General would like to engage with the audience. Thus, I request that two ushers with two hand mics be on standby for this portion of the morning.

**Timeline:**

9:50 A small contingent of administrators and BSU leaders will meet Attorney General Ellison and his staff at the front entrance of the building near the auditorium.

10:05: Welcome and introductions

10:30: General Ellison will conclude his comments and accept questions from BSU.

10:50: Q&A with the audience.

11:00: Close; BSU and administrators will thank the AG for the morning. The same contingent of greeters will escort Attorney General Ellison from the stage to the front entrance.
