THANK YOU for your quick response.

I will want to proceed, but not until later in the month. **Run date NOT Tuesday, October 7!** I'm lining things up ahead of time as we're leaving for a month in Norway, and I'll be initiating this thousands of miles away. Please hold onto this -- I expect it'll be the 3rd or 4th week of October. I'll contact you with payment info before publication.

Again, THANK YOU! It's in my file, in my backpack, and hope TSA won't find it too threatening!!

Carol

Ad proof:

PLEASE TAKE NOTICE that a civil action has been commenced in Ramsey County District Court, State of Minnesota by Miguel Cabrera and Shannon Cabrera, M.D., Plaintiffs, v. Minnesota Public Utilities Commission and Northern States Power, d/b/a Xcel Energy, Inc., Court File 62-CV-25-XXXX, filed October 27, 2025. Plaintiffs seek a Declaratory Judgement, Injunctive Relief, and such other equitable relief pursuant to the Minnesota Environmental Rights Act, Minn. Stat. §11 6B.03 and Minn. Stat. §11 6B.10 based on the Public Commission's grant of a route permit to Xcel Energy for a 180 mile transmission line, permitting a 3.2 mile segment over a new crossing of the Mississippi River, and Xcel Energy's plans and actions to construct the project. Plaintiffs bring this action pursuant to Minn. Stat. §11 6B.03 to protect natural resources from likely impairment or destruction; and Minn. Stat. §11 6B.010 because the permit issued by the Public Utilities Commission is inadequate to protect natural resources from impairment and/or destruction and Xcel Energy's construction as allowed under the permit, would likely impair and/or destroy protected natural resources. Plaintiffs seek injunctive relief to preserve status quo of this 3.2 mile segment that includes the Mississippi River crossing during pendency of this lawsuit.
