1 JUDGE TODNEM: All right. It is 10:00  
2 a.m. so we can get started.

3 This is the evidentiary hearing In the  
4 Matter of the Request for a Certificate of Need and  
5 Route Permit for the Minnesota Energy Connection  
6 Project in Sherburne, Stearns, Kandiyohi, Wright,  
7 Meeker, Chippewa, Yellow Medicine, Renville,  
8 Redwood, and Lyon Counties.

9 This is OAH Docket Number 23-2500-39782  
10 and PUC Docket Number E-002/TL-22-132, and the  
11 companion case number E-002/CN-22-131.

12 Today is November 12th, 2024, and it's  
13 10:00 a.m. We have convened in the small hearing  
14 room at the Offices of the Minnesota Public  
15 Utilities Commission.

16 My name is Suzanne Todnem and I'm an  
17 Administrative Law Judge with the Office of  
18 Administrative Hearings.

19 At this time I'd like the parties to  
20 state your appearances for the record, beginning  
21 with the Applicant.

22 MS. HALEY WALLER PITTS: Good morning,  
23 Your Honor.

24 Haley Waller Pitts, Fredrikson & Byron,  
25 on behalf of Xcel Energy.

1 MR. MATT LANGAN: Matt Langan, on behalf  
2 of Xcel Energy.

3 JUDGE TODNEM: Thank you.  
4 And for Commerce?

5 MR. ANDREW LEVI: Andrew Levi, with the  
6 Minnesota Department of Commerce Energy  
7 Environmental Review and Analysis.

8 JUDGE TODNEM: Thank you.  
9 And -- okay.

10 MR. SCOTT EK: Scott Ek, with the  
11 Minnesota Public Utilities Commission.

12 JUDGE TODNEM: Thank you.

13 The Office of Administrative Hearings is  
14 an independent agency in state government. It is  
15 not a part of or affiliated with the Minnesota  
16 Public Utilities Commission, the Minnesota  
17 Department of Commerce, or the Applicant in this  
18 matter.

19 The purpose of this hearing is to further  
20 develop evidence and argument on the issues in this  
21 case, which is whether Xcel Energy's application for  
22 the certificate of need and route permit should be  
23 approved by the Commission.

24 Xcel Energy has made an application to  
25 the Commission for a certificate of need for the

1 construction of a new 345 kilovolt double-circuit  
2 transmission line in Minnesota from the existing  
3 Sherburne County Generation Substation in the city  
4 of Becker, Minnesota to a new substation that would  
5 be built near the town of Garvin Minnesota.

6 The proposed high voltage transmission  
7 line is approximately 175 to 180 miles in length.  
8 The proposed transmission line qualifies as a large  
9 energy facility under Minnesota law.

10 Combined public hearings were held on  
11 October 29th and 30th and November 6th and 7th.

12 This project is being evaluated in  
13 combined proceedings before the Commission and the  
14 Office of Administrative Hearings.

15 That is, Xcel Energy's request for the  
16 issuance of the certificate of need and the route  
17 permit application were both addressed at the public  
18 hearings, as well as the Draft EIS, and will be  
19 addressed at this evidentiary hearing.

20 This hearing will address the question of  
21 whether Xcel Energy has established that its project  
22 meets the criteria of law and rule for the issuance  
23 of a certificate of need and, if so, what proposed  
24 route best meets statute and rule criteria.

25 According Minnesota Statute Section

1       216B.243, subdivision 3, no proposed large energy  
2       facility shall be certified for construction unless  
3       the Applicant can show that demand for electricity  
4       cannot be met more cost-effectively through energy  
5       conservation and load management measures, and  
6       unless the Applicant has otherwise justified its  
7       need.

8               In assessing need, the Commission shall  
9       evaluate the 12 factors set forth in Minnesota  
10      Statute 216B.243, subdivision 3, and the additional  
11      criteria set forth in Minnesota Rule Part 7849.0120.  
12      And pursuant to Minnesota Statute Section 216E.03,  
13      no person may construct a high voltage transmission  
14      line without a route permit from the Commission. A  
15      high-voltage transmission line may be constructed  
16      only along a route approved by the Commission.

17             In assessing proposed routes, the  
18      Commission shall evaluate the 14 factors in  
19      Minnesota Rule Part 7850.4100.

20             The Applicant, Xcel Energy, has the  
21      burden to show by a preponderance of the evidence  
22      that its proposed project meets each of the criteria  
23      prescribed by law and rule.

24             I have been assigned by the Commission to  
25      preside over this hearing to compile a record for

1 the Public Utilities Commission to consider in  
2 making a final decision on the Applicant's request  
3 for a certificate of need and route permit and to  
4 prepare a report consisting of findings of fact,  
5 conclusions of law, and recommendations on the route  
6 permit.

7 My report will apply the route permit  
8 criteria set forth in Minnesota Statute Section  
9 216E.03 and Minnesota Rule Part 7850.4100.

10 The purpose of my report is to summarize  
11 all the information presented in regard to the  
12 Applicant's request for a certificate of need and  
13 summarize and give a recommendation as to which  
14 proposed route should be selected if a certificate  
15 of need is granted by the Commission.

16 In order to ensure a fair disposition of  
17 this matter, it is important that we compile a  
18 record of the evidence and arguments that is as  
19 complete and accurate as possible.

20 So Minnesota Rule Part 1400.7100 provides  
21 that all parties have the right to present evidence,  
22 rebuttal testimony, and argument with respect to the  
23 issues, and to cross-examine witnesses.

24 At this time I would like to ask the  
25 parties if they intend to offer witnesses and whom,

1 and starting with the Applicant?

2 MS. HALEY WALLER PITTS: Thank you, Your  
3 Honor.

4 Xcel Energy filed prefiled testimony from  
5 Mr. Langan, Mr. Standing, and Mr. Samuel. And we do  
6 not have any additional witnesses to call at this  
7 time.

8 JUDGE TODNEM: And from the Department of  
9 Commerce?

10 MR. ANDREW LEVI: The Department provided  
11 the Draft EIS and other information is -- prior to  
12 these meetings. I'm available to answer questions  
13 today.

14 JUDGE TODNEM: All right. And do the  
15 parties anticipate or have any questions?

16 MS. HALEY WALLER PITTS: No, Your Honor.

17 JUDGE TODNEM: All right.

18 MR. ANDREW LEVI: No, Your Honor.

19 JUDGE TODNEM: All right. Thank you.

20 So in that case, after this hearing the  
21 parties will have the opportunity to present written  
22 argument in the form of post hearing briefs. The  
23 briefing schedule is as follows: The deadline for  
24 the public to submit written comments is November  
25 25th, 2024. Electronically submitted comments need

1 to be received by 4:30 p.m. and mailed comments must  
2 be post-marked on or by November 25th, 2024. The  
3 deadline for parties to file post hearing briefs,  
4 proposed findings, and responses to hearing comments  
5 filed by the Applicant is December 13th, 2024. And  
6 the deadline to file post hearing reply briefs and  
7 revised proposed findings is December 23rd of 2024.  
8 The Final Environmental Impact Statement shall be  
9 issued on or by January 22nd, 2025, with  
10 supplemental party filings by January 29th, 2025.

11 After the close of the public comment  
12 period and briefing periods I will prepare a written  
13 report consisting of findings of fact, conclusions  
14 of law, and a recommendation as to which route,  
15 assuming the certificate -- or if a certificate is  
16 granted, the Commission -- which route the  
17 Commission should permit for this project.

18 My report, however, is not a final  
19 decision, it is a recommendation that the Commission  
20 will then make a final decision on the certificate  
21 of need and route permit application at a separate  
22 meeting.

23 You can anticipate that my report will  
24 issued on before February 6th, 2025, and a final  
25 decision by the Commission is anticipated to follow

1 in March of 2025.

2 All right. Are there any other questions  
3 or comments from the parties before we, I guess,  
4 conclude?

5 MS. HALEY WALLER PITTS: Nothing from  
6 Xcel Energy. Thank you.

7 MR. ANDREW LEVI: Nothing from the  
8 Department of Commerce.

9 JUDGE TODNEM: And anything from the  
10 Commission that I've missed or you'd like to ask?

11 MR. SCOTT EK: Thank you, Your Honor.  
12 Nothing from the Commission.

13 JUDGE TODNEM: All right. Then, with  
14 that, we are adjourned.

15 Thank you.

16 UNIDENTIFIEDS: Thank you.
